### GOAL OF PLAN

The goal of the Wilkes-Barre Area CTC Plan for Continuity of Education is to provide CTE students with enrichment and review activities which will help reinforce and sustain gains received by our students. [The Wilkes-Barre Area Career and Technical Center Enrichment and Review](#) page will assist our students in helping to retain what we have learned and also to review materials needed to be successful and productive after your time here at the Career and Technical Center has ended. To this end, and in conjunction with both our [IU18 statement](#) and Senate Bill 751, we want to offer Enrichment and Review opportunities to all our Career and Technical students.
